

## ABOUT US

### SYSTRONIC SYSTEMS: CHARTERING JOURNEY ONTO THE PATH OF PROSPERITY.

*Changes Inspire Innovation.. Innovation Leads to Progress!*

*Systronic System Unlimited found its beginnings as content and marketing consultants in 2011. The idea has always been to utilize the underutilized resources and make more of existing resources. The CORE VALUE always was only one: OPTIMIZE, OPTIMIZE, OPTIMIZE!*

*Today we have extended our abilities to Optimize Energy Solutions as well, which come with benefits like Saving Electricity, Making Lighting Management Convenient, Easy to Install, Minimum labour & cost for Installation, and adding Security to the premises to list some. Today our range of solutions consists of Sensors, Motion Sensors, Day/ Night Sensors, Dimmers, Wardrobe Sensors & Switches, to list some.*

*Tube lights & Fittings with Sensors, Home Automation Systems, Concept Lightings, Security & Surveillance Systems, Water Level Controllers & Starters, Solar Products & Accessories, Solar Portable Generators, Solar Rooftop Installations apart from the traditional Consultancy & Training which we offer. Thus, just like we say, optimize what you use... then produce what you use!*

*You are invited to the **SYSTRONIC SYSTEM EXPERIENCE!***

### WHAT WE DO? SEAS MODEL

### WHY US:

**IMMEDIATE SAVINGS  
FROM INSTALLATION**

**COVID19 SAFE  
TOUCHLES SOLUTIONS**

**MINIMAL STRUCTURAL  
CHANGES FOR INSTALLATION**

**SAFE & SECURE  
PREMISES**

**QUALITY  
COMMITMENT**

**WARRANTY  
PROTECTION**

**QUICK  
INSTALLATION**

### BENEFITS:

**Controlled / Timed  
Usage of Lighting**

**Effecetive Energy  
Control / Remote**

Light Control Sensors/ Daylight Sensors sense the presence of light to ON and OFF the lighting fixtures. The efficient working helps in removing the human error of remembering to switch the lights on and off.

## Light Control Sensors

**SN PC300**  
( Light Control Sensor )

**SN PC302**  
( Light Control Sensor )

### Major Benefits of Sensors:

Savings | Convenience | Safety  
Better Utilization of Resources  
Low Power Consumption | Optimum Brightness  
Automatically switches on and off  
according to available day light.

### Beneficiaries:

Residences, Villas, Apartments, Club Houses,  
Hospitals, Hotels, Resorts,  
Education Institutes  
Commercial Offices, Parking Area,  
Retirement Homes, Warehouses and more.

\* Products & Specifications are subject to change without prior notice

PIR Motion Sensors can be used for a wide variety of applications at residential as well as commercial locations like complexes, malls and offices . When the sensors detect people movement, they turn on the light. In case of no motion within the specific set time, they switch off the light. They can be used for:

Lift

Lobby

Multi Apartment

Basement Parking Area

Shopping Malls

Garden Lights

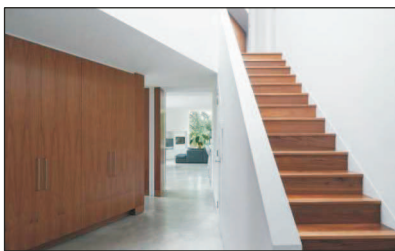

Conference Rooms

Walking Paths

Open Parking

Common Staircases

Offices

Auditorium Lights

Educational Institutions

Villas

Common Lavatories

**IRIS S8**

( Ceiling Mount - 360° Detection )

**SNPRO7**

( Ceiling Mount - 360° Detection )

**SNPRO5B**

( Ceiling Mount - 360° Detection )

**SNPRO5E**

( Ceiling Mount - 360° Detection )  
1-10V Dimming & Remote

**SNPR46A**

( Ceiling Mount - 360° Detection )

**SNPR46B**

( Ceiling Mount - 360° Detection )

**SNPR15**

( Wall Mounted 180° Detection )

**IRIS F2OR**

( 360° Flush Mount  
PIR Sensor - with Remote )

**Major Benefits of Sensors:**

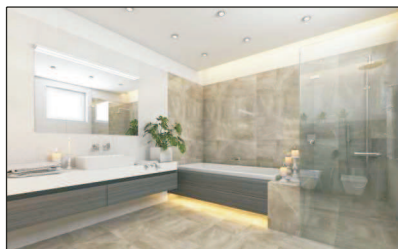

- Savings
- Convenience
- Safety
- Better Utilization of Resources

**Beneficiaries:**

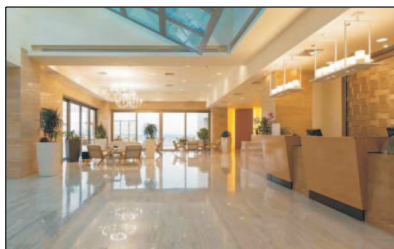

- Residences, Villas, Apartments, Club Houses,
- Hospitals, Hotels, Resorts, Education Institutes,
- Commercial Offices, Parking Area,
- Retirement Homes, Warehouses and more.

**SN MW701E**

( Wall / Ceiling Mounted 180° /360° )

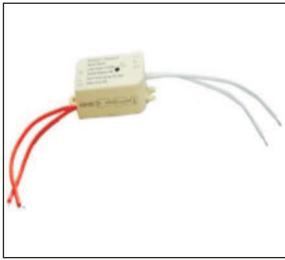

**SN MW700c**

( Ceiling Mounted 360° Detection )

**SN MW753**

( Flush Mounted 360° Detection )

**Tiny 30**

( Economical Series On/Off )

**SN MW757**

( For Flood Lights 180° Detection )

**SN MW752**

( Wall Mounted 180° Detection )

**SN MW765**

( Wall Mounted 180°Detection )

**SN MW759**

( Highbay Sensor 360° with 1-10v D )

**SN MWSL 1.5 W**

( LED Step Light With Sensor )

**NANO 16**

( Ceiling Mounted - 360° Detection )

**NOVA4T**

( Wall / Ceiling Mounted 180° /360° )

**SN MW701FDC**

( 12-24V DC )

**SNMW700DC**

( 12-24V DC )

**SNMW753DC**

( 12-24V DC )

**Major Benefits of Sensors:**

- Savings
- Convenience
- Safety
- Better Utilization of Resources

**Beneficiaries:**

- Residences, Villas, Apartments, Club Houses,
- Hospitals, Hotels, Resorts, Education Institutes,
- Commercial Offices, Parking Area,
- Retirement Homes, Warehouses and more.

Utility Room

**SN-AIRS06**  
(Single Door - DC12V)

**SN-DDIRO6**  
(Double Door - DC12V)

**SN-DOWA60**  
(Dual Mode On/Off & Waving DC-12V)

**Mirror Switch**  
DC 12 V

**SN-PR123**  
(Single Door - 230V AC)

**SN-PR122**  
(Hand Waving - 230V AC)

**TS4AC**  
(Metal Touch Switch - 230V AC)

**Major Benefits of Sensors:**

Savings | Convenience | Safety  
 Better Utilization of Resources  
 Low Power Consumption Premium Look  
 Compatible with AC/ DC lights | Compact Design  
 Automatically switches on and off the wardrobe lights when the wardrobe door is opened and closed respectively.

**Beneficiaries:**

Residences, Villas, Apartments, Club Houses,  
 Hospitals, Hotels, Resorts,  
 Education Institutes  
 Commercial Offices, Parking Area,  
 Retirement Homes, Warehouses and more.

*Tulip Motion Sensor*  
Dimmable / On n Off  
Surface Fitting  
Square / Round 12W / 18W

*Bacchat / Shine Bright*  
Sensor Tubes Light 18w  
Motion Sensor LED Dimmable

*Street Lights*

*Concealed fitting*  
On n Off Concealed Fitting

**Major Benefits of Sensors:**

Savings | Convenience | Safety  
Better Utilization of Resources  
Low Power Consumption | Premium Look  
In-Built Motion Sensor | Compact Design  
Automatically switches on and off in case of mo  
or no motion respectively | Easy to install

**Beneficiaries:**

Residences, Villas, Apartments, Club Houses,  
Hospitals, Hotels, Resorts,  
Education Institutes,  
Commercial Offices, Parking Area,  
Retirement Homes, Warehouses and more.

Smart Solutions are the need of the Day!

Our wireless solution help not only add convenience in use, but also give you one of the fastest solution in the industry, which can be quickly installed without unwanted wiring and as good as no civil work. It's now possible to control things like room temperature, door, windows, lighting and even security systems with the touch of a screen, the swipe of a finger or even the sound of a user's voice. There are plenty benefits, when planned well they result well.
